

Dear Friend of the YES Home:

Youth Encouragement Services (the **YES Home**) will host its **Annual Golf Tournament on June 1st, 2026 at Sugar Ridge Golf Club**, with an **8:30 AM shotgun start**.

The YES Home is a trauma-informed agency dedicated to helping youth reach their highest potential, improve behaviors, and make positive choices. We provide a safe, family-like environment where youth learn pro-social skills, independent living skills, and employment readiness. We also work to strengthen connections between youth, their families, and our community.

As costs for food and course fees have nearly doubled, we increased sponsorships and team pricing last year. **Team registration is now \$500**, and we appreciate your understanding. The goal of this event remains the same: to support the individual needs of the youth who reside at the YES Home as we continue growing, expanding our services, and serving more young people and families.

### **Why support the YES Home?**

We see every day that the YES Home changes lives. We are the **only group home for teenagers in Southeastern Indiana**, and we strive to keep youth close to their schools, support systems, and communities.

We are currently raising funds for several major projects, including completing the renovation of our first floor so we can expand and serve more youth. This expansion is critical—we are regularly forced to turn youth away simply because we do not have enough space.

Your support helps ensure that no youth is left without a safe place to heal, grow, and thrive.

Here is the impact the YES Home made on one of the parent's of a former youth:

*I first want to start off by thanking all of the wonderful staff and therapists at the YES home. They were nothing short of amazing to my daughter who was in there for 9 months AND to me and my family. There were struggles from time to time-with a home full of teenagers living together with trauma/family issues, as you can imagine. BUT one thing that I can truly say from the bottom of my heart is thank you for helping my daughter when I was lost and couldn't/didn't know how to help her myself. My daughter struggled with some pretty serious trauma throughout her younger years that led her into not only substance use but behavioral issues, as well... Some pretty serious behavioral issues that got her into legal trouble. She served some time in juvenile, Josiah White's, and then finally the YES home. Until she got to the YES home, there weren't many positive changes. The staff there cared for my daughter. They loved her unconditionally even through her personal demons. Every time I was around they told one another how much they loved each other and that meant the world to me... to see that people who barely knew my daughter to really, truly care about her and her well-being AND for the rest of her family. They constantly checked in with me and made sure I was doing okay, asked if I needed anything. They helped me when I was struggling and none of this was even about me... it just goes to show how amazing this "family" is. So once again, thank you, YES home for your help, your love, and your support.*
